FOREWORD

Praise be to Allah SWT, for it was through his guidance and the author's faith that they were able to go this far into the thesis writing process. It was thanks to the author's faith that they were able to remain motivated in continuing and finishing this arduous task of building the final thesis proposal "**Communicative Patterns Within Community of Discord Users Prior To and During COVID-19 Pandemic (A Virtual Ethnographic Research on the Communicative Patterns Found Within Discord Communities of "ShellsCrusades" and "Azur Knights Community Server")"** in order to graduate with a bachelor's degree in Communication Science.

The journey from the start of this thesis up until the writing of this foreword has no doubt been an arduous, daunting, and tiring task, and truthfully, the writer has had many moments of doubt and unwillingness throughout the process. However, it was thanks to the guidance, motivation and patience from the following parties that the author was able to complete this thesis proposal in its absolute best state:

- Mrs. Reni Nuraeni S. Sos, M. Si. Ph.D, as the acting supervisor for the author throughout the entire thesis proposal writing process, for giving the author her most sincere guidance and advice.
- Mrs. Idola Perdini Putri, Ph.D, head of Communication Science study program, for guiding the author up until the start of writing.

- My mother and father for giving the author guidance as experienced thesis writers and for advising them to continue forward.
- My two beloved sisters for motivating the author to continue on no matter how stressful the writing process became.

- For my lovely cat Muezza, whose cuteness kept the author motivated even during the most daunting of times.
- And finally, the author would like to thank himself, for remaining determined and fully motivated through out the entire thesis writing process, in order to graduate and make their family proud before moving on to the next step of life.
