LIST OF TABLE

Table I.1 Types of Fleet in PT ABC 2
Table I.2 Total Delay of Delivery to Customer 3
Table II.1 Comparison between Metaheuristic, Heuristic, and Exact Algorithm..15
Table IV.1 Characterictic of Fleet.....25
Table IV.2 Time Window of Customers.....26
Table IV.3 Service Time of Customer 30
Table IV.4 The Location of Customer Based On Coordinate 31
Table IV.5 Sample of customer's demand.....35
Table IV.6 Size of Package Used.....36
Table IV.7 Velocity of CDD Long Box.....37
Table IV.8 Velocity of CDD Long Box (Continuous 1) 38
Table IV.9 Result of Velocity Calculation.....38
Table IV.10 Adequacy Test of CDD Box.....38
Table IV.11 Result of Iteration 1 53
Table IV.12 Result of Iteration 2 54
Table IV.13 Result of Iteration 3 54
Table IV.14 Result of Iteration 4 55
Table IV.15 Result of Iteration 5 56
Table IV.16 Result of Iteration 6 56
Table IV.17 Solution of Route on 1 Day 57
Table IV.18 Solution of Route on 1 Day 57
Table IV.19 Solution of Route on 1 Day 57
Table IV.20 Solution of Route on 1 Day 58
Table IV.21 Solution of Route on 1 Day 58
IV.22 Solution of Route on 1 Day 58
Table IV.23 Verification of The Calcultaion Result with Constrain 59
Table IV.24 Verification of The Calcultaion Result with Constrain 59
Table IV.25 Verification of The Calcultaion Result with Constrain 60
IV.26 Verification of The Calcultaion Result with Constrain 60
Table IV.27 Verification of The Calcultaion Result with Constrain 60

Table IV.28 Verification of The Calcultaion Result with Constrain 61
Table V.1 Proposed Distribution Route.....62
Table V.2 Coparison between existing and proposed travel distance.....63
Table V.4 Coparison between existing and proposed travel time.....64
Table V.5 Departure Time of Fleet.....65
Table V.6 Result of Model Simulation 65
