PREFACE

Praise and thanks to God Almighty for all the blessing that He has given, so that this final project report even by hard effort and long time can be finished. This final project report entitled "Does GARCH Model is the Appropriate Tool to Assess Value at Risk in Telecommunication Industry in Indonesia, Malaysia and Singapore During 2006-2011?". It is intended to meet some academic requirements to obtain a Bachelor Degree Business Management of Telecommunication and Informatics Institute of Management Telkom, Bandung. I recognize that without guidance, help, and prayers from various parties, this internship report will not complete on time. Therefore, I thank profusely to all those who helped in the process of this final project report, namely to:

1) Final Project Supervisor from IM Telkom, Dr. Riko Hendrawan, CSCP., QIA., ACP who inspired me more than anyone else and guide me in writing the final project report.
2) Muhammad Azhari, SE., MBA as the first assessor of final project examination and also as the assessor of final project proposal who gave me the time, input, suggestion and motivation to bring my best on this report.
3) Irni Yunita, ST., MM as the second assessor of final project examination who gave me the time, input, suggestion and open my mind on the big picture of this research.

4) Mr. Brady Rikumahu as the assessor of this final project proposal who really detail in every aspect of my final project and gave me the logic thinking idea on my final project.
5) My parents, sisters and brothers who always support and pray for me anytime without exception. Give more motivation when I am down and always involve in every progress to finish my final project.
6) Mr. Adi and Mr. Riphi who always being pushed to help me in facing campus regulation and procedure.
7) My friends from the MBTI International Class who altogether conducting the final project, and always help and support each other.
8) Librarians staff who help me to provide the reference and information about the final project.
9) The securities, driver, and office staff in Setiabudi and Gegerkalong.

May God Almighty reply to all of the good deeds that have been granted, Amin. In conclusion, The authors hope that future this research can be useful to the reader and used as the reference.

Bandung, November 2012

Kristina Simanjuntak

CHAPTER I: Introduction

1.1. Research Object Overview 1
1.1.1 The Company Overview 1
1.1.2 Telecommunication Industry Sector Overview 3
1.2. Research Background 4
1.3. Problem Formulation 9
1.4. Research Purpose 9
1.5. Research Objective 10
1.6. Writing Structure 10

CHAPTER II: Literature Study and Scope of Research

2.1. Literature Study 12
2.1.1 Investment 12
2.1.2 The Capital Market 13

2.1.3 Investment Risk 14
2.1.4 Risk Management 16
2.1.5 Stock Return 18
2.1.6 Value at Risk Model 19
2.1.7 Normal Distribution 27
2.1.8 Correlation 30
2.1.9 Akaike Information Criterion (AIC) 30
2.1.10 ARCH/GARCH Model 31
2.1.11 Backtesting 34
2.2. Previous Research 36
2.3. Research Framework 34
2.4. Research Hypothesis 40
2.5. Scope of Research 40
CHAPTER III: Research Methodology
3.1. Research Type 41
3.2. Operational Variable 41
3.3. Data 42
3.4. Sampling Technique 44
3.5. Population and Sample 45
3.6. Research Stepping 46
CHAPTER IV: Result and Explanation
4.1. The Return of Telecommunication Company 53
4.2. Data Return Testing 56
4.3. Market Factor 67
4.4. Stock Volatility 68

4.5. Calculating Value at Risk 69
4.6. Testing the VAR model 70
4.7. Discussion 70
CHAPTER V: Conclusion and Suggestion
5.1. Conclusion 77
5.2. Suggestion 78
