PREFACE

Alhamdulillah, praise is to Allah SWT, the Almighty God, because of His mercy and guidance, the writer was able to complete his final project entitled "Design for Improvement of Indihome Study Positioning Based on Perceptual Mapping with Multidimensional Scaling Method". This Final Project is a journey in the last year of my undergraduate studies at the Industrial Engineering Undergraduate Study Program, Faculty of Industrial Engineering, Telkom University.

My thanks to:

1. My Final Project Advisors, Dr. Ir. Yati Rohayati, M.T. and Ima Normalia Kusmayanti, S.S., M.Pd. for their direction and guidance during the work of this final task.
2. Digital Service Wifi (DSW) Division – PT Telkom Indonesia as a case study in this final project has been willing to provide data sources ranging from interviews, observations, and documents for the implementation of the final project.
3. My Final Project writing advisor, Budi Gustaman, S.S. for their input and advice on the writing of this final project.
4. Colleagues in the process of completing my final project, Afra Ghaida Hana, Andika Deanna Rahma, Arinda Layla, and Yohana Deachrist for their enthusiasm, support, and input in the preparation of this research.
5. My parents, Mr. Sony, and Mrs. Endang, for their moral support and prayers especially during the implementation of this Final Project and during education in general.

I also thank all those who indirectly contributed to the completion of this Final Task.
