

## LIST OF TABLES

Table I. 1 Total freshwater fish production in Indonesia .....	1
Table I. 2 Customer problems in buying fish products online.....	3
Table I. 3 Problems for fish cultivators and MSMEs.....	4
Table I. 4 Comparison of company or startup features with NuFish.....	4
Table II. 1 Major characteristics of methodology (Shaikh & Abro, 2019).....	11
Table II. 2 Comparison of XP method with other methods (Rahman et al., 2017) .....	14
Table II. 1 System user acceptance interval (Priyatna et al., 2020).....	18
Table II. 2 Score weighting formula .....	19
Table II. 3 State of the Art .....	23
Table III. 1 Structure of research methodology .....	26
Table IV. 1 Conclusion of the interview .....	34
Table IV. 2 Gap analysis for fish farmers and MSMEs.....	36
Table IV. 3 Gap analysis for customers .....	37
Table IV. 4 Key partners.....	40
Table IV. 5 Key activities .....	41
Table IV. 6 Channel.....	42
Table IV. 7 First year revenue strategy .....	44
Table IV. 8 Second year revenue strategy .....	45
Table IV. 9 Third year revenue strategy .....	46
Table IV. 10 Comparison of BEP in years 1, 2, and 3.....	47
Table IV. 11 Comparison of ROI in years 1, 2, and 3 .....	48
Table IV. 12 Actor description.....	48
Table IV. 13 Login use case scenario .....	50
Table IV. 14 Registration use case scenario .....	50
Table IV. 15 View profile use case scenario.....	51
Table IV. 16 Update profile use case scenario.....	51
Table IV. 17 View product details use case scenario.....	52
Table IV. 18 Product search use case scenario .....	52
Table IV. 19 Give a product review use case scenario .....	53
Table IV. 20 View cart use case scenario .....	53

Table IV. 21 Add cart use case scenario .....	54
Table IV. 22 Delete cart use case scenario .....	54
Table IV. 23 Place an order use case scenario .....	55
Table IV. 24 View transactions use case scenario .....	55
Table IV. 25 Tracking order use case scenario .....	56
Table IV. 26 View favorite products use case scenario .....	56
Table IV. 27 Add favorite product use case scenario .....	57
Table IV. 28 Delete favorite product use case scenario .....	57
Table IV. 29 Create store use case scenario.....	58
Table IV. 30 Login use case scenario .....	58
Table IV. 31 View profile use case scenario.....	59
Table IV. 32 Update profile use case scenario.....	59
Table IV. 33 View store use case scenario .....	60
Table IV. 34 Update store use case scenario.....	60
Table IV. 35 View products use case scenario .....	61
Table IV. 36 Add product use case scenario.....	61
Table IV. 37 Update product use case scenario .....	62
Table IV. 38 Delete product use case scenario .....	62
Table IV. 39 Product search use case scenario .....	63
Table IV. 40 View cart use case scenario .....	63
Table IV. 41 Add cart use case scenario .....	64
Table IV. 42 Delete cart use case scenario .....	64
Table IV. 43 Place an order use case scenario .....	65
Table IV. 44 View transactions use case scenario .....	65
Table IV. 45 Tracking order use case scenario .....	66
Table IV. 46 Product purchase validation use case scenario .....	66
Table IV. 47 Upload receipt use case scenario .....	67
Table IV. 48 View favorite products use case scenario .....	67
Table IV. 49 Add favorite product use case scenario .....	68
Table IV. 50 Delete favorite product use case scenario.....	68
Table IV. 51 Login use case scenario .....	69
Table IV. 52 View user data use case scenario.....	69

Table IV. 53 Update user data use case scenario .....	70
Table IV. 54 Store validation use case scenario .....	70
Table IV. 55 View store data use case scenario.....	71
Table IV. 56 Update store data use case scenario.....	71
Table IV. 57 View transactions use case scenario .....	72
Table IV. 58 Payment validation use case scenario.....	72
Table V. 1 Feature design .....	136
Table V. 2 Page design.....	138
Table V. 3 Coding results achievements for each page .....	139
Table V. 4 Coding results achievements for each feature.....	140
Table V. 5 Black-box testing in the first iteration.....	141
Table V. 6 Testing results in first iteration .....	147
Table V. 7 Feature design .....	147
Table V. 8 Page design.....	148
Table V. 9 Coding results achievements for each page .....	149
Table V. 10 Coding results achievements for each feature.....	149
Table V. 11 Black-box testing in the second iteration.....	150
Table V. 12 Testing results in second iteration.....	152
Table V. 13 Feature design .....	153
Table V. 14 Page design.....	153
Table V. 15 Coding results achievements for each page .....	154
Table V. 16 Coding results achievements for each feature.....	154
Table V. 17 Black-box testing in the third iteration .....	155
Table V. 18 Rating weight .....	156
Table V. 19 Respondents' questionnaire results.....	157
Table V. 20 The weighting of the questionnaire results .....	157
Table V. 21 Throughput comparison .....	159
Table V. 22 Functional suitability test results.....	160
Table V. 23 Usability test results .....	162
Table V. 24 Maintainability test results .....	163
