

LIST OF FIGURES

2.1	Top view of a microstrip antenna.	7
2.2	Side view of a microstrip antenna.	8
2.3	Bottom view of a microstrip antenna.	8
2.4	The Feed Line.	11
2.5	The W_f and L_f position at the feed line.	12
3.1	Antenna Design Flowchart.	16
3.2	The rectangular patches of the 6 GHz Frequency.	18
3.3	The Feed Line of 6 GHz Frequency	19
3.4	The rectangular patches of the 5 GHz Frequency.	20
3.5	The Feed Line of 5 GHz Frequency.	21
3.6	The Main Feed Line.	22
3.7	The Design of the combined Ground Plane.	23
3.8	The Initial Design of the Antenna.	25
3.9	The Initial Design of the Antenna in 3D model simulation software.	26
3.10	VSWR results of the initial antenna.	26
3.11	The changing of antenna dimension in Iteration 1.	27
3.12	VSWR result in Antenna Iteration 1.	28
3.13	The changing of antenna dimension in iteration 2.	28
3.14	VSWR result in antenna iteration 2.	29
3.15	The Final Design of the antenna from the Final iteration.	30
3.16	VSWR result in final antenna iteration.	31
3.17	Printed Antenna of Dual-Band Rectangular Microstrip Antenna of 5 and 6 GHz Compared with Rp. 500	32
4.1	S Parameters of the Final Antenna Iteration from Subsection 3.4.4.	34
4.2	Gain of the Final Antenna Iteration from Subsection 3.4.4.	35
4.3	5 GHz radiation Pattern.	36
4.4	6 GHz radiation Pattern.	36
4.5	5 GHz Azimuth radiation pattern at Elevation 0°, 30°, 60°, and 90°.	37
4.6	5 GHz Elevation radiation pattern at Azimuth 0°, 30°, 60°, and 90°.	38
4.7	6 GHz Elevation radiation pattern at Elevation 0°, 30°, 60°, and 90°.	39
4.8	6 GHz Elevation radiation pattern at 0°, 30°, 60°, and 90°.	40

4.9	VSWR measurement method.	41
4.10	The results of the VSWR using VNA.	42
4.11	Radiation Pattern Measurement scheme from [1] that has been edited	43
4.12	Printed Antenna of Dual-Band Rectangular Microstrip Antenna of 5 and 6 GHz.	43
4.13	5 GHz Azimuth Radiation Pattern.	44
4.14	6 GHz Azimuth Radiation Pattern.	45
4.15	The Difference between 3D model simulation software VSWR and Antenna lab measurement VSWR.	46
4.16	The Difference between 3D model simulation software and An- tenna lab measurement of S11.	47
4.17	The Comparison between 3D model simulation software and An- tenna lab measurement of 5 GHz Azimuth Pattern.	48
4.18	The Comparison between 3D model simulation software and An- tenna lab measurement of 6 GHz Azimuth Pattern.	49
