

DEDICATION

To My Parents, I just wanted to tell you that you both mean the world to me. There are not enough words to express how grateful I am to you. Thank you for loving me and guiding me through my life. Since day one, you have taught me love, trust, and respect, so that I can learn to value myself and to value others as well. You always tell me that you are proud of me. You always tell me to follow my dreams. You always tell me to never give up. You always tell me to remain cheerful and to think positively in difficult situations. You always tell me that everything is going to be okay when there seems no hope. For those I am forever grateful to you. I just simply let you know that I love you so much. Everything you have given to me and every lesson you have taught me have helped me become who I am today. I am the luckiest person to have the best parents. Thank you for everything, Mom, Dad.
