

## ABSTRACT

---

*Final Project Assessment and Filing Application (Two Semester Internship Module) is an application related to the Final Project (PA) or Final Assignment (TA). Students are required to complete the Final Project as a graduation requirement. This Final Project Assessment and Filing Application (Two Semester Internship Module) is an application that manages student data and assessments while students are taking part in the two semester internship program. This application was created with the aim of making it easier for last projects coordinator to manage data.*
