

Abstract

Nusantaran Game : Explore Papua is a 3D Android-based running game that introduces Papua's tourism and culture with starting point from Bandung. This game was made as interesting as possible with 3D design and Papua's diorama. So this game can be used for educational purposes and entertainment purposes. Data used in this game is also accurate and fits the reality on each region.

Main character of this game is a teenager named Bobi. Bobi have a wish to travel to Papua, and accidentally, he found a free plane ticket to Papua from Husein Sastranegara Airport, Bandung. That's why Bobi has to travel in Papua without any stocks and therefore he must travel by feet.

Target from Nusantaran Game : Explore Papua is 17 to 23 years old teenagers but it is possible to be played by everyone. With this 3D mobile game, we hope that people's knowledge about Indonesia can be increasing so that people will love Indonesia more.
