

Logo Talks (Here to Listen to the Voice of Logos)

In this book you can see the flowers of logos blooming in different shapes and colors. As you turn the head page of the book, you are walking into an amazing world of logos. It will guide your steps, it will unfold before you the beauty that is created through the mind and fingertips of so many designers, and it will offer you the joy and enlightenment which we have always tried to bring, if you let it.
