

ABSTRACT

Online media is one of the positive impact caused by the development of the mass media after the internet. One advantage is their online media news spread that no longer require a long time as a conventional mass media, which takes the air for hours and even days. Now, in a matter of seconds the news can be spread easily even to obtain not spend more. The media, including online media certainly will not be far from the news. Even tend news in online media are also influenced by the ideology of ownership of the media itself. Writing is observing how the national news portal Kompas.com Tempo.co and the period of January 14 to January 23 in *framing* news about cases of terrorist bombings that occurred in January 2016 Sarinah ago. The writing is performed using analytical methods *Framing* by Zhongdang Pan and Kosicki. The theory also used in this thesis is teory construction of reality, media and ideology of media conglomeration. The results show that the writing of the story frame building Tempo.co tend to marginalize ISIS which is a radical group Islamic world. On the other hand, framing Kompas.com news by not cornering the ISIS and use more polite language.

Keywords: Online Media, Terror Bomb, Framing Pan Dan Kosicki, Ideology Media.
