

PREFACE

This bachelor thesis is my completion of the Industrial Engineering study program at Telkom University. The research has been performed at The headquarters of the state railway systems PT Kereta Api Indonesia (Persero), Division of Material Stock and Procurement in early year 2016.

In the name of Allah, the Most Gracious and the Most Merciful. Alhamdulillah, all praises to Allah for the strengths, good health, wellbeing and His blessings that were necessary in completing this thesis.

I would like to thank all the people who have helped me in this thesis. I express my deep gratitude to Mrs. Dr. Dida Diah Damayanti, Dean of the Faculty, for the continuous encouragement through your motivation and advice. I am also grateful to Mr. Ari Yanuar Ridwan. S.T.,M.T, advisor I, I am extremely thankful and indebted to him for sharing expertise, and sincere and valuable guidance and encouragement extended to me. I also want to thank Mr. Meldi Rendra. S.T.,MT, advisor II, for his detailed remarks about terminology, writing, and how the appropriate thesis is supposed to be and I take this opportunity to express gratitude to all of the Department faculty members for their help and support.

Looking for further back, Special thanks must also go to Mr. Agoes Sugianto, Warehousing and Inclaring Manager of PT Kereta Api Indonesia (Persero), for providing valuable data in completing this thesis and also with whom I have had longer or shorter enlightening discussion about various topic of this research.

Also not forgetting my parents, my mom, my deceased father, my older and younger sister Mariska Fadilah, and my best friend Andrew Irwanto for their endless love and the unceasing encouragement, support and attention that mean a lot to me.

.

I am also grateful to my partner who supported me throughout this thesis, shared data and gave suggestion. Last but not least, my sense of gratitude to one and all, who directly or indirectly, have let their hand in this thesis.
