

UCAPAN TERIMAKASIH

I owe the finishing process of this book to **Mr. Akhmad Hambali and Mr. Denny Darlis**, the draft was stuck at Chapter three for months, until I came to them and they support me to move up, give me a lot of idea and knowledge that immediately unblock any obstacles I had that time, so awesome that I was able to finish five chapters in just few months. I will forever be grateful for both of them.

Thanks to **Mr. Bambang Hidayat** the best ever lecture who always listen and support me anyway, and **All of the Lecturer and the Staff of Telkom University**, especially the Telecommunication Engineering Department who help the writer in this Final Project and help the writer through the study in Telecommunication Engineering of Telkom University.

Thanks for all of the Telecommunication Engineering class of 2010, especially class **TT-34-01** for being together and happiness.

I needed to finish this book as soon as I can for personal reasons, so I thought I could use an extra boost from my friends. Some people say that if you have been friends for more than decade, it's the kind of friendship that surely will last time, and I am lucky to call the following my favorite people in the world **Devi Fitriani, Dwima Anggraini, Annastya Qurana, Imelda Septrina** and **Meireny Lita Palupi**, thank you for your kindness, for standing by me, for all the laughs and the fun, for support and for your deep conversations and things nobody else would understand about me like you do girls.

To **Mr. Monday-Meeting** thanks for listening, for the support, for being my confidants, for accepting me the way I am, for giving me a reason to write even just two or three sentences each day, and for just being there no matter what

To the most influential people in my life, my parents **Warlan and Shopiyah** and my brothers **Wisnu** and my Twins bro **Wasis Tri**, for being my number one supporter since day one, for believing in me and allowing whatever dreams I may have. Thanks for loving me anyway, I love you forever and always.

Allah SWT, I am nothing without Your blessings.
