

ABSTRACT

National independence hero is a hero who contributed and lived or fought in the struggle for independence, which was back in those days the heroes with love for the homeland, struggled to defend the nation from oppression by risking everything. However, the heroes, whose deed are deemed worthy to be an example for children in today's generation, slowly being forgotten. Introduction since early age became necessary, in order for today's generation to know, learn, and then grow to love national heroes, so they could grow into a better individual, upholding the noble values that the heroes possess, especially for Bandung today's generation.

The purpose of the design is to introduce the history and the heroes of national independence from Bandung. Activity books are the main media used to convey information regarding national independence heroes who came from Bandung, with supporting media in the form of "Mobile Library" themed after "Bandung Heroes" that will come to schools in Bandung. This design also uses multiple analysis methods such as interviews, questionnaires, literature, and field observations.

Keywords: Bandung National Independence Heroes, Activity book, Children.
