

ABSTRACT

DESIGNING SEXUALITY EDUCATION BOOK TO PREVENT SEXUAL HARRASMENT FOR CHILDREN

The Children was a blessing from God that leave in both of they parents. They future and growth certainly in the hands of parents who have a role to guide, nurture, and educate them in the family scope. Nowadays, there's a lot of criminality and disaster around the people. That disaster can threat the family and the children. There's a lot of people that not recognize what is the disaster happened. The disaster is sexual harassment and human catastrophic brain damage. Sexual harassment in Indonesia had a high predicate and the children become the most target. Based on KPAI's data, there are 135 Indonesian children who become a victim of sexual harassment by a month in 2015. Main factor that caused sexual harassment is destruction of human brain damage and wrong nurture method in family. This is the biggest problem for parents and the next generation of parents.

Depends on the problem, they need an educational media that can give information and comprehension to parents and prospective parents. So, they can prevent their children from all phase of sexual harassment and human catastrophic brain damage that which can threaten their children. One of the ways to prevent all the disaster happened is, they must comprehend and understand the importance of sexuality education in the family scope.
