

PREFACE

Thank You, Jesus, for blessing me abundantly everyday, for being my strength and my guide. Lord, you are so good to me. When I'm weak, You make me strong. Thanks to my beloved wife Edith who always give encouragement and support, my beloved children Joe and Agnes who always prayed for his father to graduate on time, you become my inspiration and motivation. Thanks, Bapak and Mamak who always prayed for the success and happiness of their children. Thanks to Amang Ericsson Sihotang along with Inang. Thank God for the people you send to help resolve this thesis:

1. Dr. Doan Perdana and Dr. Rendy Munadi, as a supervisor, who provide referrals, guidance, and motivation during the work of this thesis.
2. Thanks to Dr.Ing. Fiky Y. Suratman which guides and provide the motivation to finish the course on time.
3. The entire board of examiners which gives a lot of evaluations and suggestions for the development of this thesis.
4. All my PJJ and regular classmates of 2014, thank you for togetherness and support throughout the period of education.
5. Mas Haristiano of laboratory access network, thanks for the ns-3 tutorial and solution
6. Thanks to all the lecturers who have provided a valuable lesson for me to follow the educational process.
7. Thanks to Ms. Vita which already helped many administrative proceedings during the lectures.
8. Thanks to PT Telkom Indonesia that already providing opportunities and scholarships at me for continuing to master degree education.
9. People who cannot mention one by one, thank you all for your help.

Hopefully, this success becomes an inspiration to my beloved children and my great Manurung family to strive for higher education. May God always gives the grace and blessing for all of us.

Hallelujah

“The thief comes only to steal and kill and destroy; I have come that they may have life, and have it to the full.” Jesus Christ
