

## **PREFACE**

In the name of Allah, Most Gracious, Most Merciful. All praises to Allah for all the blessing that He has given me throughout the journey of completing this final thesis. The completion of this paper had been helped by a number of friends, family, and teachers be it directly or indirectly. Thus, I would like to say thank you to these amazing people:

- Bu Indira Rachmawati, ST., MSM as my supervisor for this final thesis. Thank you for always guiding me, correcting my mistakes and of course thank you for being patient with me.
- Pak Gadang Ramantoko, Ir., as my academic supervisor throughout the 4 years of study in Telkom University. Without your guidance I would not be able to navigate through the years.
- My Dad and my Mom, for giving me everything I need to finish this final thesis. For always supporting me with your prayers every day.
- Bintan Rahma Fadila, for always encouraging me whenever I am down. For always reminding me to do my final thesis every single day.
- Last but not least, my dearest friends from Batch 5 of International ICT Business especially the guys and gals from ANACONDA (Agung, Amasel, Amo, Defin, Fadhil, Husein and Kidung). You guys have given me so much positive energy and courage in this fight.

This final paper is compiled as one of the requirements to complete the Bachelor degree major in International ICT Business Program.
