

Abstract

Al-Qur'an is a holy book of Islam. Al-Qur'an was revealed by Allah SWT to guide human life, especially Muslims. Al-Qur'an does not choose to whom it will be read and be practiced. All Muslims certainly have to act like what the contents of Al-Qur'an even they are normal people or who have physical limitation like blind.

Blind People is a general term that used for a condition of person who has impaired or obstacles in sense of sight.

As long as development of technology, Al-Qur'an that shaped like book then be formed into an application based on Android especially for blind people which application are using touch gesture, voice recognition for applying and voice comparison to test memorization through the application directly.

Keywords: Blind, memorizing Al-Qur'an, Android app
