Abstrak : Perancangan ini dilatarbelakangi oleh permasalahan suatu kenyamanan interior Sekolah Dasar Islam Terpadu Adzkia 1 Sukabumi. Pendidikan di Indonesia saat ini semakin berkembang pesat dan semakin maju setiap tahunnya. Saat ini pendidikan di Indonesia dibagi menjadi tiga bagian, yaitu pendidikan formal, pendidikan non formal dan pendidikan informal. Sekolah Dasar termasuk kepada pendidikan formal dan berlangsung selama 6 tahun. Sekolah Dasar Islam Terpadu Adzkia merupakan sekolah dasar formal swasta yang berbasis religi karena di dalam kurikulumnya ditambahkan pendidikan al-qur'an dan akidah islam. Demi terciptanya suasana nyaman dalam melaksanakan kegiatan di sekolah, tentunya membutuhkan fasilitas atau sarana dan prasana yang menunjang. Karena dalam usia 7-12 tahun anak-anak masih sangat senang sekali bermain dan sedang berada dalam fase ingin mengetahui banyak hal sehingga sang anak memiliki semangat yang tinggi untuk belajar. Jika fasilitas memadai siswa atau siswi dan user di sekolah tersebut akan nyaman dalam melaksanakan kegiatan belajar dan mengajar.

Kata kunci : Pendidikan, Sekolah Dasar Islam, fasilitas, anak

Abstract: This design is motivated by problems of the interior comfort of Integrated Islamic Elementary School Adzkia 1 Sukabumi. Education in Indonesia is growing rapidly and more advanced every year. Nowadays, education in Indonesia is divided into three parts, namely formal education, non-formal education and informal education. Elementary School is included in the formal education and lasts for 6 years. Integrated Islamic Elementary School Adzkia 1 Sukabumi is a religious based private formal elementary school because education about the Qur'an and Islamic creed is added in the school curriculum. In order to create cozy atmosphere in carrying out activities in school, certainly requires facilities and infrastructures that support. Because in the age 7-12 years old, kids still love playing and currently in a phase of wanting to know a lot of things so that the children have a high motivation to learn. If the facilities are adequate, students and users in the school would be comfortable in conducting teaching and learning.
