

PREFACE

Thanks to Allah SWT for His mercy and blessing, so I can finish my mini thesis with title “The Influence of Self-Efficacy and Technopreneurial Related Activities on Technopreneurial Intention among Engineering Students in Telkom University”. This mini thesis is proposed as one term to acquire a bachelor degree on business Management of Telecommunication and Informatics program. This mini thesis will be impossible to complete without the endless support from all the people closed to me. Therefore, the author is very grateful to:

1. Mrs. Eka, my supervisor, who always encourage me to do the best, support, and giving valuable advice in completing this mini thesis.
2. My parents, my greatest motivation, who always pray for me and support me in everything I do.
3. My academic supervisor, mr. Gadang Ramantoko who always guide me throughout my years in university.
4. To Telkom University, thank you for the roller coaster ride these past 4 years.
5. My siblings Aulia Rosidah, Rosyad Zulkarnain and Henry Herdiawan.
6. My nieces, Najla and Shanum.
7. Kana, thank you for being there in my ups and downs. You know and understand me best!
8. My bestfriends and my classmates thank you for the wonderful years of friendship.
9. All the people who I cannot mention one by one, I am really grateful for all the help.
10. Lastly, to Girls’ Generation. I simply grateful for your existence.

The author realize that this mini thesis is still far from perfect. Criticisms and suggestions are expected for improvement for the future research. Hopefully this mini thesis will be useful and can be used as additional information for those in need.
