

## **LIST OF TABLE**

|                                                                 |    |
|-----------------------------------------------------------------|----|
| Table 2.1 National Journals.....                                | 27 |
| Table 2.2 International Journals.....                           | 29 |
| Table 2.3 Online Thesis and Dissertation.....                   | 35 |
| Table 3.1 Research Characteristics.....                         | 43 |
| Table 3.2 Operational Variable.....                             | 44 |
| Table 3.3 Likert Scale .....                                    | 49 |
| Table 3.4 Sample Size for a Given Population Size.....          | 52 |
| Table 3.5 Validity Test.....                                    | 54 |
| Table 3.6 Coefficient Alpha ( $\alpha$ ) Criteria.....          | 55 |
| Table 3.7 Reliability Test.....                                 | 56 |
| Table 3.8 The Appropriateness of the Provisions Model.....      | 58 |
| Table 4.1 Demographics of Respondent.....                       | 63 |
| Table 4.2 Validity Test of IS toward ONP.....                   | 66 |
| Table 4.3 Reliability Test of IS toward ONP.....                | 66 |
| Table 4.4 Parameter Estimation Result of Latent Variable.....   | 67 |
| Table 4.5 Goodness of Fit.....                                  | 67 |
| Table 4.6 Validity Test of IS toward OFP.....                   | 66 |
| Table 4.7 Reliability Test of IS toward OFP.....                | 69 |
| Table 4.8 Parameter Estimation Value of Latent Variablele.....  | 70 |
| Table 4.9 Goodness of Fit.....                                  | 70 |
| Table 4.10 Validity Test of OND as mediation of IS and ONP..... | 72 |

|                                                                         |    |
|-------------------------------------------------------------------------|----|
| Table 4.11 Reliability Test of OND as mediation of IS and ONP.....      | 73 |
| Table 4.12 Parameter Estimation Result of Latent variable.....          | 74 |
| Table 4.13 Goodness of Fit.....                                         | 74 |
| Table 4.14 Validity Test of OFD as mediation of IS and OFP.....         | 76 |
| Table 4.15 Reliability Test of OFD as mediation of IS and OFP.....      | 77 |
| Table 4.16 Parameter Estimation Result of Latent Variable.....          | 77 |
| Table 4.17 Goodness of Fit.....                                         | 78 |
| Table 4.18 Validity Test of PT as mediation of IS and ONP.....          | 80 |
| Table 4.19 Reability Test of PT as mediation of IS and ONP.....         | 81 |
| Table 4.20 Parameter Estimation Result of Latent Variable.....          | 81 |
| Table 4.21 Goodness of Fit.....                                         | 82 |
| Table 4.22 Validity Test of PT as mediation of IS and OFP.....          | 84 |
| Table 4.23 Reliability Test of PT as mediation of IS and OFP.....       | 85 |
| Table 4.24 Parameter Estimation Result of Latent Variable Variable..... | 85 |
| Table 4.25 Goodness of Fit.....                                         | 86 |
| Table 4.26 Validity Test of PT toward ONP.....                          | 88 |
| Table 4.27 Reability Test of PT toward ONP .....                        | 89 |
| Table 4.28 Parameter Estimation Result of Latent Variable.....          | 89 |
| Table 4.29 Goddness of Fit.....                                         | 90 |
| Table 4.30 Validity Test of PT toward OFP.....                          | 91 |
| Table 4.31 Reliability Test of PT toward OFP.....                       | 92 |
| Table 4.32 Parameter Estimation Result of Latent Variable.....          | 92 |
| Table 4.33 Goodness of Fit.....                                         | 93 |
