

ABSTRACT

This research is titled "watch together" Film G30SPKI in Media Online (Pan & Kosicki Framing Analysis at Detik.com and Kompas.com Online Media September 18 - October 8, 2017) "aims to see how the news about the pros and cons of movie screening G30SPKI which is framed by two online media named detik.com and kompas.com in the period of September 2017 which will be reviewed from the syntactic structure, script, thematic, and rhetorical. The theory used by the authors in this study is to Zhongdang Pan and Kosicki framing analysis. The used method is qualitative research methods and using constructivism paradigm.

The results of the research show that the online media detik.com detik.com seems more likely to assume that the screening of G30SPKI movie is a common thing if shown to the public, it is seen by detik.com trying to hide some facts about the news presented, such as hiding the fact that the G30SPKI movie is a must-watch by the citizens, the G30SPKI movie contains elements of propaganda, and there is presened of sadistic violence dcene. In addition to hiding the facts, detik.com also seen trying to refine opinion from news sources, and the selection of detik.com source also looks subjective by having the source from the TNI or the series that will indirectly support the screening of G30SPKI movie. While kompas.com seems more likely to assume that the screening of G30SPKI is an inappropriate thing to be exhibited, seen from kompas.com who tried to highlight some facts on the news about the screening of G30SPKI such as that the film G30SPKI contains propaganda elements in which the film is indeed the aim is to try to get the audience to hate PKI, it's a contradiction to the milineal generations, many sadistic and vulgar violent scenes, and inappropriate for learning for students. In addition kompas.com also shows openly bad opinions from sources who have watched the G30SPKI movie.

The conclusion of this study is to see a significant difference between online media detik.com and kompas.com in framing a news about G30SPKI movie screening, although in the same period.
