

ABSTRACT

Animal is one of the living things in the world. Many animals live side by side with human even their population is the same as human. This animal called domestic pet which the example is dog. Dog as domestic pet is known as faithful animal and they has feeling.

Therefore, many people take dog as pet. Nevertheless, several human actions harm pet such as abandoning their pet because they do not have enough time to take care of them, killing pet to be consumed, and even contesting animal with another until one of them hurts or even dies. Hence, researcher interested to take this phenomenon into 18 minutes documentary film. This documentary film is aimed to show how cruel human actions toward pet and how government take an action to overcome the abandoned pet problem.
