

ABSTRACT

Bandung, in addition to being a city of culinary tourism is also known for its natural attractions. One of the natural attractions in the area of South Bandung Regency is Situ Patenggang. Situ Patenggang is a natural lake tourism area located in Ciwidey area. Situ Patenggang offers natural charm in the form of a natural lake surrounded by forest. To enjoy the natural charm in Situ Patenggang, can use boats rented by the manager. Boats in Situ Patenggang tour can carry 10-15 passengers. Activities that can be done by passengers just sit and take pictures. It is felt less / saturated to spend time boat rental about 60 minutes. The design of the boat is still the same as the boat on other water tours.

The design of the boat in the area of the waters Situ Patenggang requires the change of form (shape and color) in each part of the boat. The platform used is a "Pontoon" boat. The shape of the mast of the boat taken from the angklung stilasi, while the shape of the roof of the boat in the form of a blend between the roof of Julang Ngapak with Limasan form on the roof of Gedung Sate
