

ABSTRACT

At this time PTS X will carry out the new Chancellor election in 2019, this is the second time the Chancellor election is held for PTS X. In the recruitment process and the selection of chancellors needed to make decisions. chancellor at PTS X. PTS X has the criteria to become chancellor in the statute, but also for the first year of 2013 which will be later released in 2019. The criteria in the statute are not yet known the priority level. Existing criteria will be compared with the requirements to find that can produce the vision and mission of PTS X. The criteria will be determined using experienced experts and are also members of the PTS X senate. The objectives of this research are 1) Identifying the criteria required of the position on PTS X and (2) Determine the weight of each decision on PTS X based on the criteria that have the highest weight. The research data collected consists of primary and secondary data. Secondary data is obtained from various literatures, the results of previous studies, and others that are in accordance with this topic. Data processing used is Analytic Hierarchy Process (AHP) to determine the value of factors, actors, goals, and alternatives. Based on the results of data processing, namely, the good (0.1748), professional (0.1453), visionary (0.1264), experienced in managerial (0.1259), broad-minded (0.867), integrity (0.858).) and have an entrepreneurial spirit (0.271). These criteria are needed in the process at PTS X.
