Abstract

Bandung city has a batik, batik Bandung was originally made by craftsmen around the Cikapundung river area, but began to become extinct along with the loss of the pajajaran kingdom. In 2008 the West Java Batik Foundation and the Bandung City Government agreed to make batik Bandung to be a distinctive batik from the city of Bandung. But the people of Bandung city didn't know about the existence of batik Bandung, the lack of information and there is no media to informs make the people of Bandung city didn't know the existence of batik Bandung. The writer has collected data through literature studies, interviews, observations, and questionnaires. the results of the data that have been collected then the writer conclude that will make a information media in the form of a photography book displays information about batik bandung.

Keywords : Book of photography, Batik Bandung, and media information.
