

ABSTRACT

School is one of the windows of the world which can take us anywhere. Where now the advances in technology and science are moving so fast, therefore, Boarding School is one of the school systems by teaching children to be independent. Boarding School is an educational system in which technological advances, religious character building are taught simultaneously which are expected by students to be able to compete and become role models. CUT NYAK DHIEN High School is a formal school that uses a Boarding school system that integrates with the STIKES Campus established since 2015, this high school is aimed only at high school students with 180 students located at Jln. Perumnas No. 45 Paya Bujok Seuleumak Langsa City CUT NYAK DHIEN High School provides facilities such as classrooms, dining rooms, dormitories, canteens and sports fields. The presence of CUT NYAK DHIEN High School has provided an alternative for modern parents, which at this time is not only the figure of the father who works but the mother figure also works. Therefore to choose a good education is very important so that children can be faster in learning, speaking, and independent in adapting to the surrounding environment.
