

FOREWORD

Praise the God Almighty for His blessings and help so the writer is able to finish this paper with title “**THE EFFECT OF REMUNERATION ON EMPLOYEES PERFORMANCE AT PT HUTAMA KARYA (Persero)**” in on time without any unnecessary problem or delay. The purpose of this thesis is to fulfill the graduation requirements from the Telkom University, Undergraduate Study Program in Business Administration.

In writing this internship report, the writer want to express his gratitude to those people who help him directly or indirectly, from giving a moral support or material support. So at this momment the author want to use this chance, to express his gratitude to:

- My beloved family, my father Dinny Surya Kencana and my mother Desi Eka Mulyawati, my two little brother that is Muhammad Arya Bisma Satjanata and Muhammad Aira Yudha Satjanata, which does not stop giving prayer, affection, love, enthusiasm, and supporting the writer both morally and materially until the completion of this thesis.
- Mr. Mahir Pradana, S.E., M.Sc. as a guardian lecturer who has given direction and spends his time guiding and assisting in the making of this thesis.
- Mr. Dr. Romat Saragih, M.M. as thesis supervisor who has given direction and spends his time guiding and assisting in the making of this thesis.
- Dr. Dra. Ida Nurnida Relawan, M.M. as thesis supervisor who has given direction and spends his time guiding and assisting in the making of this thesis.
- The entire family of Human Resource Department in PT. Hutama Karya that has given the author the opportunity to able collect data and look for data in the making of this thesis .
- All my cherished friend, from the oldest to the newest. which does not stop giving prayer, affection, love, enthusiasm, and supporting the writer both morally and materially until the completion of the internship process and internship report.
- All 2015 Business Administration students who are running and completing the same assignments, especially AB-39-INT students who always help, accompany, transfer the spirit, and share each other in the process of making this report.

The author realizes that this thesis is far from perfect, both in writing techniques, language structure, or scientific perception. For this reason, the authors look forward to constructive suggestions and criticisms for future improvements. Authors also hope that this thesis can be useful especially for the authors themselves, and generally for Telkom University students.
