

ABSTRACT

Panoramik Place is one of the temples to eat at Ciumbeleit Peak, which presents natural views of Bandung. Currently outdoor dining facilities are used using a symmetrical form, but the aesthetics of outdoor dining facilities attract less attention, therefore redesign is needed. To redesign it, one aspect that needs to be considered is the aspect of appearance. In general, the aspect of appearance consists of the shape, color, texture of this journal containing the results of research on the application of the visual theory of the design of outdoor dining facilities on Lereng Anteng so that the design results can be applied in the restaurant Lereng Anteng Panoramik Place.
