

"Bismillahirrahmanirrahiim,
Assalamualaikum Wr. Wb.

Through the hard and good ways, Alhamdulillah I'm reaching this moment now. I just want to thank so much for those who believe me to prove this and help me to finish my Final Project. Also thank you for being the greatest milestone in my campus life, to all my organizations, CONTENT, INCREASE, MPM HMTI, Keprofesian Project Management, PMI Indonesia Chapter, IKEMABAL, EXIST, #2019Sukses.

As the last son of my family, I'll present this Final Project to all my family (My parents and my siblings) who always support me to do my best, because without them maybe I never reach this moment. Thank you so much.

I'm looking forward for my next career of my life.

Wish me luck!

Wassalamualaikum wr. wb."
