

ACKNOWLEDGEMENT

This research was done by the help of Allah Subhanahu Wa Ta'ala who provided me ease in every step I took and by the support of all the people around me. Thus, I would like to say thank you to:

1. Mrs. Irni Yunita S.T., M.M. as my advisor who have spare her energy and time and also motivation from the beginning, I need her and never stop provided guidance and advice for me to finish this research and also as the authors' academic supervisor who provided guidance and advice for me since first semester.
2. Both the author's parents, Mr. Syaf Satriawarman and Mrs. Aditi Surtikanti, who always support the author, give encouragement to the author and also always pray for the author at any time.
3. My friend who also accompanying me to work on this paper, and special thanks to Wafa alattas, Shendy Citra, Fithian Hilmi and Teuku Raihan and lots of them that I can't said one by one.
4. My Billiard fellows who cheers me up and motivate me to focus on my paper during the paper goes.
5. Special thanks to kangjo and kangmer who always remind me to finish the paper soon and give me lots of advice about life.

The researcher realizes that this research has many shortcomings, so critics and suggestions are expected to create perfection in future research. Hopefully, this research is useful and can be used as additional information for all those in need.
