

ABSTRACT

The PT Gapura Angkasa office is a joint venture established on January 26, 1998 by three state-owned companies, namely PT Garuda Indonesia (Persero) Tbk, PT Angkasa Pura I (Persero) and PT Angkasa Pura II (Persero), which are engaged in ground handling services and other business activities that support aviation business at airports.

PT Gapura Angkasa as a state-owned office that is present in the midst of people's lives as a company that facilitates the needs of airlines and prospective airline passengers. Here, PT Gapura Angkasa has great potential to make the best BUMN office in the field of aviation transportation.

The purpose of this design is for employees to work more efficiently and more productively in handling office work. And it is also one of the efforts to raise the name of PT Gapura Angkasa on the international and national scene. Through interior design, PT Gapura Angkasa is expected to be able to become a company that thinks about the conditions of its growing employees with supporting facilities to be utilized by its employees.
