The nurse academy is a place to learn about nursing. The increase in the number of nursing students in Indonesia is very rapid. One of the case studies, namely in the Nurse Academy in Purworejo district, an increase in the number of students made it incomparable in the number of nursing students and the number of learning support facilities. This final project will take the object of the Purworejo district Nurse Academy located on Jl. Raya Purworejo-Kutoarjo Km. 6.5 Ds. Grantung, Bayan Subdistrict, Purworejo Regency 54152. From the survey results, there are several problems found, including poor organization of space, incomplete facilities and a visual atmosphere that does not support students' interest in learning. To solve the problem at the Nurse Academy in Purworejo district, the title of this final project is "Re-interior Design of Nurse Academy in Purworejo".
