Based on the results of interviews and location surveys to Al-Musaddadiyah Garut Islamic Boarding School, Darul Arqam Muhammadiyah Garut Islamic Boarding School, and Cahaya Rancamaya Islamic Boarding School Bogor, several problems related to interior design were found, namely the number of class students exceeding the limits, unorganized dormitory rooms and amenities less, Lighting in the classroom area and corridor area is still lacking so that during the day it requires additional light. For this purpose, the design of modern Islamic boarding schools in Garut will ideally fulfill the functions of activities and facilitate the activities in the Islamic boarding schools and make Islamic boarding schools with character.
