

ABSTRACT

Katros Garage is a custom motorcycle workshop located on Camp.1 number 2 in Rengas, Ciputat Timur, Tangerang Selatan, Banten Province. moved another site on Jalan Gading Serpong Boulevard, Curug Sangereng, Klp. Dua, Tangerang, Banten Province. at the request of the owner of Katros. Katros Garage is one of the custom motorbike workshops that provide service in the form of modifications and custom motors with various styles that aim to make the motor in accordance with the demands of the customer in order to produce a different motorbike and has its own characteristics.

Interior design Custom motorbike workshop presenting contemporary exposed Industrial design style combined with the theme of Experience Interaction Space and the Show Your Experience concept will make the custom moor Katros workshop look different and have their own characteristics. Utilization of material that uses more exposed elements in parts that are used by many visitors so as not to give the impression of being closed and also not too open makes visitors and staff who are in the workshop feel comfortable.

The custom design of the Katros motorbike workshop began with making programming obtained from the results of surveys and interviews directly with the owners and staff of the workshop, then continued with the making of schematic design, and finally continued with the final design.
