

## ***ABSTRACT***

*Bandung Tour On bus or Bandros is a vehicle for tour around Bandung. This bus from Bandung attracted many tourist even government guest. Interior comfort is one of the features provided by Bandros, therefore team will redesign the interior parts and redesign seats with accordance the aspects that are already owned by Bandros. With the qualitative method team gets the data such as the inconvenience of either the passenger or the bus driver, this method by direct interviews with Bandros passenger and driver. Therefor team will change the shape of the chair which is more comfortable and can be used for a long period of time.*

*Keywords: bus, comfort, interior, chair*
