

## LIST OF TABLES

Table 2.1 - Prediction result of Prediction of Vegetable Price Based on Neural Network and Genetic Algorithm .....	6
Table 3.1 - A few of staple food material prices data .....	10
Table 3.2 - Guidelines of ARIMA model identification .....	11
Table 3.3 - Pseudocode of staple food material prices system .....	13
Table 4.1 – ARIMA model and the correlation for each variables.....	19
Table 4.2 – Independent variables prediction results .....	20
Table 4.3 – Interpretation guidelines on R Squared.....	21
Table 4.4 – R Squared value of Multiple Linear Regression.....	21
Table 4.5 – R Squared value of Fourier regression model.....	25
Table 4.6 - Comparison table of regression correlation .....	29
Table 4.7 - Staple food material prices prediction using ARIMA and multiple linear regression ...	30
Table 4.8 - Prediction results of staple food material prices based on ARIMA and Fourier regression.....	34
Table 4.9 - Accuracy and error rate of prediction results using ARIMA and multiple linear regression.....	39
Table 4.10 - Accuracy and error rate of prediction results using ARIMA and Fourier regression..	40
Table 4.11 - Comparison table between ARIMA with multiple linear regression and ARIMA with Fourier regression, also ARIMA (time series) of results accuracy.....	40
