

## **ABSTRACT**

The music park is a park which applies music concept as the primary thing. Based on the name, the ornament adorns the park is fullfilled with things related to the music. This music park is often held the music event. Besides for music, this park also has a basketball court at the center of the park which is often used by visitors to do sport. Not only conceptualize, the park should also pay attention to cleanliness. Therefore, the cleaning facility of the park should be complete and have function. One of the cleaning facilities which must be available is wastebasket. The utilization of wastebasket in accordance with the theme of the thematic park will further add to the uniqueness of the park. The goal of this design is to make wastebasket of the park which has another function as a jukebox.
