TABLE OF CONTENTS

APPROVAL PAGE……i
SELF DECLARATION AGAINST PLAGIARISM……iii
ABSTRACT……iv
ABSTRAK……v
DEDICATION & ACKNOWLEDGEMENTS……vi
PREFACE……vii
TABLE OF CONTENTS……viii
LIST OF FIGURES……xi
LIST OF TABLES……xii
LIST OF ABBREVIATIONS……xiii
CHAPTER 1 INTRODUCTION……1
1.1. Rationale……1
1.2. Statement of the Problem and Research Question……3
1.3. Objective and Hypothesis……3
1.3.1. Objective ……3
1.3.2. Hypothesis……4
1.4. Assumption……4
1.5. Scope and Delimitation……4
1.5.1. Scope……4
1.5.2. Delimitation……4
1.6. Importance of the Study……5
CHAPTER 2 REVIEW OF LITERATURE AND STUDIES……6
2.1. Sarcasm Definition……6
2.2. Related Work……6
2.3. Random Forest……7
2.4. Support Vector Machine (SVM)……8
2.5. Vector Semantics……8
2.5.1. Paragraph Vector……9
2.5.1.1 Paragraph Vector: A distributed memory model……9
2.5.1.2 Paragraph Vector without word ordering: Distributed bag of words……11

2.5.1.3 Parameter Paragraph2vec……..…….….12
2.6. Long Short Term Memory (LSTM).....14
2.6.1 LSTM Input……..……..15
2.6.2 Layer……..…….17
2.6.3 Dense Layer……..……..18
2.6.4 Softmax function….……..…….….19
2.7. Bouazizi and Ohtsuki Method….……...…….….20
2.7.1 Data….……..……...…….…….20
2.7.2 Prepossessing…….……..……...……...….21
2.7.3 Classifying (modeling)……..……...…….25
2.8. Confusion Matrix……..……....25
CHAPTER 3 RESEARCH METHODOLOGY……..……....27
3.1. The Proposed Approach…..…..……...…….…27
3.2. Proposed Research……..…….…….…28
3.2.1. Data……..……..29
3.2.2. Preprocessing……..……...29
3.3. Vector Semantics: Paragraph Vector or Doc2vec……..……...…32
3.3.1 Paragraph2vec Input……..…….....33
3.4. LSTM…….…….……..…....34
3.4.1 LSTM Input……...…….…..……..35
3.4.2 Flow Process Sarcasm Detection……..……..36
3.5 Advantage using contexts comparing pattern related feature Bouazizi…….…...37
3.6. Measurement……..……...39
CHAPTER 4 EXPERIMENT AND ANALYSIS…..……..…40
4.1. Dataset……..…….…....40
4.1.1 Proposed Method…….…..…….……..……..40
4.1.2 Baseline…...……...……..…….……..41
4.2. Experiment Setting……..……....42
4.2.1. Proposed Method……..…..….....42
4.2.2. Baseline……..……....44
4.3. Experiments Result and Analysis…….……..44

4.3.1 Resume of all experimental result……..……..……..44
4.3.1.1 Proposed Research…….……..……..……..44
4.3.1.2 Baseline Research ……..……..……..……..45
4.3.2. Proposed Research……..……..……...…..45
4.3.3.Baseline ……..……..……..54
4.3.4 Performance comparison between proposed and Bouazizi & Ohtsuki…….59
CHAPTER 5 CONCLUSIONS AND RECOMMENDATIONS ……..……..…...61
5.1. Conclusion……..…….....61
5.2. Recommendation……..……..…….....61
BIBLIOGRAPHY..... 62
APPENDIX A..... 63
Reimplementation which Compares with Bouazizi and Ohtsuki 63
APPENDIX B.....64
Reimplement Features Bouzizi and Ohtsuki 2016.....64
APPENDIX C.....70
Data Distribution Bouazizi & Ohtsuki (Reimplementation).....…….....70
APPENDIX D.....74
Experimental Result of Realistic Testing Data.....74
