

PREFACE

Assalamualaikum Wr. Wb.

All the praises to Allah SWT for the blessing and guidance that helped the author to complete this final project that titled “Proposed Program For Improving English Competency of Industrial Engineering Faculty Students Using Knowledge Conversion 5C-4C Method”

This final project that titled “Proposed Program For Improving English Competency of Industrial Engineering Faculty Students Using Knowledge Conversion 5C-4C Method” is arranged as one of the requirements to obtain the Bachelor Degree of Industrial Engineering in Telkom University.

The author would like to say thank you to all parties who have helped the author in finishing this final project by giving guidance, support and motivation. The author would like to say thank you to:

1. Ibu Amelia Kurniawati, S.T., M.T as final project advisor I for giving the author much guidance, knowledge and motivation.
2. Bapak Hilman Dwi Anggana, S.Si., M.Si as final project advisor II for giving the author much guidance, knowledge and motivation.
3. Bapak Rino Andias Anugraha as the guardian of TI-38-INT lecturer who always provide motivation, direction, and support for the students in TI-38-INT class.
4. For All of the lecturers and staffs in Telkom University, for giving the author valuable knowledge and experience during college studies.
5. Friends from TI-38-INT, Gengges and PFT Laboratory, who have shared too much tears and laugh together and giving the author much support, motivation, and advices. Thank you so much.
6. Agung Wicaksono, as a partner who always motivated and helped the author during the process of making this final project and preparation of defense.
7. Other parties who have helped and motivated the author who can not be mentioned one by one.

This final project is far from perfect and there are so many limited ability, knowledge and experience that author have, therefore, the critics and suggestion is much needed. Hopefully this final project can be useful to the readers in general.

Wassalamu’alaikum Warahmatullah Wabarakatuh.
