

VI. DATA AND COMPUTER PROGRAM AVAILABILITY

The resource link for code and data from this research is accessible on the following internet address <https://github.com/wianoski/geolocation-using-rssi-with-Trilateration-and-kalman-filter>.

ACKNOWLEDGMENT

Thank you to the Internet of Things Studio, Telkom University which has become a place for researchers to develop this journal research. Hopefully, this research can make a major contribution to the advancement of technology in Indonesia
