ABSTRACT

Application Catalog of Lombok Island Travel Destinations is an application that can help tourists find information on tourist destinations on the island of Lombok. With this application, tourists can find detailed information of tourist destinations and can see reviews from tourists who have visited tourist destinations. In addition, tourists can also provide reviews and ratings when tourists have visited tourist destinations. With this application, it also makes it easier for the public to promote tourist destinations in their Region to be better known and get visits from tourists. In addition, this application contains tourist news about the island of Lombok which can be used as information aimed at tourists

Keywords: Catalog, Travel Destinations, Tourists, News
