

PREFACE

Alhamdulillah rabbi 'alamin, praise to Allah, the most gracious, the most merciful, with the mercy and guidance, the author has successfully finished this thesis with the title of "**Post-Disaster Cellular Communications for Victims Finding Systems**". The author compiled this thesis to be filled in the graduation requirements in Program of Master of Electrical-Telecommunication Engineering, School of Electrical Engineering, Telkom University.

Some parts of this thesis also have been submitted to the Symposium on Future Telecommunication Technologies (SOFTT), 18-19 November 2019 in Kuala Lumpur, Malaysia.

The suggestions for improving this thesis are highly appreciated. Hopefully, this thesis is expected to be improved and provided contributions for the reader and the Indonesia especially for education and research of telecommunication on the future.
