

MOTTO AND DEDICATION SHEET

Growth is painful. Change is painful. But nothing is as staying stuck somewhere we don't belong, and we must know that we need to start something new and trust the magic of beginnings.

So, I close this chapter to open up a new story of my life. A new story that will take me to a bigger challenge, and it doesn't matter how much struggle it is. Because I believe that the future is created by what we do today.

At the end of the day, I can tell my story of how I overcame what I went through, and it will be someone else's survival guide.

I dedicated this final thesis to my whole family, especially my parents.
