

ABSTRACT

Sabilunnajah Putri Islamic Boarding School is an Islamic educational institution specifically for women that has a blend of learning between the pesantren curriculum and the national education curriculum in which there are several different activity functions, namely the function of worship, the function of housing, the function of education, and the function of administration. The location of the Sabilunnajah Islamic Boarding School is in Solokan Jeruk, Bandung Regency. The purpose of this final project design is to answer the problems that exist in the Sabilunnajah Putri Islamic boarding school, including supporting facilities that do not meet the standards of the Minister of National Education No. 24 of 2007 in order to meet the needs of users and also during the Covid-19 pandemic. Currently, the author sees that the design needs of the Sabilunnajah Putri Islamic Boarding School must be adjusted to the health protocol set by the government, namely the Joint Decree of the Four Ministers (SKB4Mentri).

The interior design of the Sabilunnajah Putri Islamic Boarding School is focused on learning facilities that suit the needs of the pesantren, namely Classrooms, Dormitory, Mosques and Offices. Also applying and paying attention to health protocol standards in the interior of the Sabilunnajah Putri Islamic Boarding School in order to realize a safe face-to-face learning process.
