

ABSTRACT

During the Covid-19 pandemic, many people were affected, especially in economic problems. It is also inseparable for the Bani Salam Orphanage & Dhuafa Orphanage, which is located on Jalan Terusan Buah Batu No. 283, Bandung City, West Java. The orphanage has been affected starting from income, visitors, to apprentice teaching staff who have decreased due to this pandemic.

In the final project entitled: Application Care for the Orphanage "Orphanage & Dhu'afa Bani Salam" was created to help the Orphanage & Dhuafa Bani Salam Orphanage in providing information related to the orphanage based on a mobile application. In this application there is information about the orphanage in the form of: Islamic articles, orphanage activities, data for orphanage children, how to donate, background, vision and mission, and also photos of the orphanage.

With this application, it is hoped that the orphanage can be helped by means of the community being able to find out information about the orphanage, the needs of the orphanage and how to donate to the orphanage without having to go directly to the Bani Salam Orphans & Dhuafa Orphanage

Keywords: Orphanage, Orphans, Dhuafa Children, Donation, Android.
