

DAFTAR GAMBAR

Gambar II. 1 Proses BPM Life Cycle (Weske, 2007).....	21
Gambar II. 2 Model validation process (Alla Talal Yassin, 2013)	26
Gambar II. 3 Abstract model (Malak Richard, 2005)	27
Gambar II. 4 Relationship model (Edward Rodriguez, 2004)	28
Gambar II. 5 Elemen petri net (C. Dechsupa, 2018).....	30
Gambar III. 2 Konseptual Model (Hevner, 2004)	34
Gambar III. 3 Sistematika Penelitian (Analisis, 2021)	36
Gambar III. 4 Jadwal Kegiatan (Analisis, 2021).....	42
Gambar IV. 2 Struktur Organisasi Utama Group Costumer Operation (Analisis, 2021) 46	
Gambar IV. 3 Proses Bisnis Pengadaan Barang Inventory Management (Analisis, 2021).....	48
Gambar IV. 4 Proses Bisnis Operating System Operational Data Management (Analisis, 2021)	50
Gambar IV. 5 Proses Bisnis Site Acquisition Management (Analisis, 2021).....	52
Gambar IV. 6 Proses Bisnis Supplier Management (Analisis, 2021)	54
Gambar IV. 7 Model Validation Process (Analisis, 2021)	56
Gambar V. 2 Jadwal Dependencies Pengadaan Barang Inventory Management (Analisis, 2021).....	66
Gambar V. 3 Jadwal Dependencies Operating System Operational Data Management (Analisis, 2021)	70
Gambar V. 4 Jadwal Dependencies Site Acquisition Management (Analisis, 2021)	74
Gambar V. 5 Jadwal Dependencies Supplier Management (Analisis, 2021)	79
Gambar V. 6 Critical Path Pengadaan Barang Inventory Management (Analisis, 2021)	81
Gambar V. 7 Critical Path Developing System Operational Data Management (Analisis, 2021).....	82
Gambar V. 8 Critical Path Site Acquisition Data Management (Analisis, 2021)	83
Gambar V. 9 Critical Path Supplier Management (Analisis, 2021).....	84

Gambar V. 10 Entity Relationship Diagram (Analisis, 2021)	85
Gambar V. 11 WorkFlow-Net Pengadaan Barang Inventory Management (Analisis, 2021)	89
Gambar V. 12 Kesalahan <i>S-component</i>	92
Gambar V. 13 Kesalahan <i>Wellstructuredness</i> pengadaan barang inventory management	93
Gambar V. 14 Kesalahan <i>Liveness</i> pengadaan barang inventory management	94
Gambar V. 15 WorkFlow-Net Developing System Operational Data Management (Analisis, 2021)	95
Gambar V. 16 Kesalahan <i>Workflow-net</i> operating system operational data management	98
Gambar V. 17 Kesalahan <i>Liveness</i> operating	99
Gambar V. 18 WorkFlow-Net Site Acquisition Management	100
Gambar V. 19 Kesalahan <i>S-component</i>	102
Gambar V. 20 Kesalahan <i>Liveness</i> site acquisition management	103
Gambar V. 21 WorkFlow-Net Supplier Management (Analisis, 2021)	104
Gambar V. 23 Kesalahan <i>S-component</i>	107
Gambar V. 24 Kesalahan <i>wellstructuredness</i>	108
Gambar V. 25 Kesalahan <i>liveness</i> supplier management	109
Gambar V. 26 Perbaikan proses bisnis pengadaan barang inventory management (Analisis, 2021)	110
Gambar V. 27 Perbaikan proses bisnis operating system operational data management (Analisis, 2021)	112
Gambar V. 29 Perbaikan proses bisnis site acquisition management (Analisis, 2021)	114
Gambar V. 31 Perbaikan proses bisnis supplier management (Analisis, 2021)	116
Gambar V. 32 Perbaikan penjadwalan pengadaan barang inventory management (Analisis, 2021)	119
Gambar V. 34 Perbaikan penjadwalan operational system operational data management (Analisis, 2021)	122

Gambar V. 36 Perbaikan penjadwalan site acquisition management (Analisis, 2021)	124
Gambar V. 38 Perbaikan keterangan penjadwalan supplier management (Analisis, 2021)	128
Gambar V. 40 Perbaikan critical path pengadaan barang inventory management (Analisis, 2021)	129
Gambar V. 42 Perbaikan critical path operating system operational data management (Analisis, 2021)	130
Gambar V. 44 Perbaikan critical path site acquisition management (Analisis, 2021)	131
Gambar V. 46 Perbaikan critical path supplier management (Analisis, 2021) ..	132
Gambar V. 47 Perbaikan Model Entity Relationship Diagram (Analisis, 2021)	133
Gambar V. 48 Perbaikan WF-net Pengadaan barang inventory management (Analysis, 2021)	136
Gambar V. 50 Bukti pengujian semantical analysis memenuhi pada pengadaan barang inventory management (Analisis, 2021)	138
Gambar V. 52 Perbaikan WF-net operating system operational data management (Analysis, 2021)	140
Gambar V. 54 Bukti pengujian semantical analysis memenuhi pada operating system operational data management (Analisis, 2021)	142
Gambar V. 56 Perbaikan WF-net site acquisition management (Analysis, 2021)	144
Gambar V. 58 Bukti pengujian semantical analysis memenuhi pada site acquisition management (Analisis, 2021)	146
Gambar V. 59 Perbaikan WF-net supplier management (Analysis, 2021)	148
Gambar V. 61 Bukti pengujian semantical analysis memenuhi pada supplier management (Analisis, 2021)	151
