

## LIST OF TABLES

|      |                                                            |    |
|------|------------------------------------------------------------|----|
| 3.1  | ODG Score . . . . .                                        | 13 |
| 3.2  | MOS Score . . . . .                                        | 14 |
| 4.1  | The Initial Parameter Table . . . . .                      | 18 |
| 4.2  | The Effect of Segment Length Parameter Table . . . . .     | 18 |
| 4.3  | The Effect of Number of Bits Per Segment Table . . . . .   | 19 |
| 4.4  | The Effect of Decomposition Level Parameter (N) . . . . .  | 20 |
| 4.5  | Optimization Results without Attack . . . . .              | 20 |
| 4.6  | Optimized Parameters against MP3 (64kbps) attack . . . . . | 21 |
| 4.7  | The average BER of the optimal parameters . . . . .        | 21 |
| 4.8  | Average MOS Score . . . . .                                | 21 |
| 4.9  | Extracted Watermark Image . . . . .                        | 22 |
| 4.10 | The comparison of ODG, SNR, and Capacity . . . . .         | 23 |
| 4.11 | The BER (%) under common attacks. . . . .                  | 23 |
| 4.12 | The BER (%) under desynchronization attacks. . . . .       | 24 |
