

## DAFTAR TABEL

|                                                                                                                                       |    |
|---------------------------------------------------------------------------------------------------------------------------------------|----|
| Tabel I. 1 Akar Masalah dan Potensi Solusi .....                                                                                      | 6  |
| Tabel II. 1 Standard OEE Standard World Class .....                                                                                   | 10 |
| Tabel II. 2 Menghitung Depresiasi dengan metode jumlah angka tahun.....                                                               | 24 |
| Tabel II. 3 Menghitung Depresiasi dengan metode biaya saldo menurun .....                                                             | 25 |
| Tabel II. 4 Posisi Penelitian.....                                                                                                    | 39 |
| Tabel III. 1 Rencana Waktu Penyelesaian Tugas Akhir .....                                                                             | 43 |
| Tabel IV.1 Jam kerja mesin, 2021.....                                                                                                 | 49 |
| Tabel IV. 2 Downtime mesin <i>cutter</i> , <i>chopper I</i> dan <i>chopper II</i> , 2021.....                                         | 51 |
| Tabel IV. 3 <i>Theoretical cycle time</i> mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 ...                   | 52 |
| Tabel IV. 4 Produksi mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 .....                                      | 53 |
| Tabel IV. 5 Data dan waktu produksi mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 .....                       | 54 |
| Tabel IV. 6 Profit dan biaya produksi mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> .....                            | 56 |
| Tabel IV. 7 Availability mesin <i>cutter</i> , <i>chopper I</i> , <i>chopper II</i> , 2021 .....                                      | 57 |
| Tabel IV. 8 Performance Efficiency mesin <i>cutter</i> , <i>chopper I</i> , <i>chopper II</i> , 2021 .....                            | 58 |
| Tabel IV. 9 Performance Efficiency mesin <i>cutter</i> , <i>chopper I</i> , <i>chopper II</i> , 2021 (Lanjutan).                      | 59 |
| Tabel IV. 10 Rate of quality mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021.....                               | 60 |
| Tabel IV. 11 perhitungan OEE mesin <i>cutter</i> , mesin <i>chopper I</i> , dan mesin <i>chopper II</i> .....                         | 61 |
| Tabel IV. 12 Equipment failure losses mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021.....                      | 62 |
| Tabel IV. 13 Equipment failure losses mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 (Lanjutan) .....          | 63 |
| Tabel IV. 14 Setup losses mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> .....                                        | 63 |
| Tabel IV. 15 Setup losses mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> (Lanjutan).....                              | 64 |
| Tabel IV. 16 Idling and minor stoppage losses mesin <i>cutter</i> , 2021 .....                                                        | 65 |
| Tabel IV. 17 Idling and minor stoppage losses mesin <i>chopper I</i> 2021 .....                                                       | 66 |
| Tabel IV. 18 Idling And Minor Stoppage Losses Mesin <i>Chopper II</i> .....                                                           | 66 |
| Tabel IV. 19 Reduce speed losses mesin <i>cutter</i> , 2021 .....                                                                     | 67 |
| Tabel IV. 20 Reduce Speed Losses Mesin <i>Chopper I</i> , 2021 .....                                                                  | 67 |
| Tabel IV. 21 Reduce Speed Losses Mesin <i>Chopper I</i> , 2021 (Lanjutan).....                                                        | 68 |
| Tabel IV. 22 Reduce Speed Losses Mesin <i>Chopper II</i> , 2021 .....                                                                 | 68 |
| Tabel IV. 23 Rework Losses and Quality Defects mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 .....            | 69 |
| Tabel IV. 24 Rework Losses and Quality Defects mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 (Lanjutan) ..... | 70 |
| Tabel IV. 25 Yield losses mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> , 2021 .....                                 | 71 |
| Tabel IV. 26 Hasil Perhitungan Six Big Losses.....                                                                                    | 72 |

|                                                                                                        |    |
|--------------------------------------------------------------------------------------------------------|----|
| Tabel IV. 27 Hasil Perhitungan Persentase Six Big Losses .....                                         | 73 |
| Tabel IV. 28 Perhitungan availability losses mesin cutter, 2021 .....                                  | 74 |
| Tabel IV. 29 Perhitungan availability losses mesin chopper I, 2021 .....                               | 74 |
| Tabel IV. 30 Perhitungan availability losses mesin chopper I, 2021 (Lanjutan) .....                    | 75 |
| Tabel IV. 31 Perhitungan availability losses mesin chopper II, 2021.....                               | 75 |
| Tabel IV. 32 Perhitungan performance losses mesin cutter, 2021 .....                                   | 76 |
| Tabel IV. 33 Perhitungan performance losses mesin chopper I, 2021 .....                                | 76 |
| Tabel IV. 34 Perhitungan performance losses mesin chopper II, 2021 .....                               | 77 |
| Tabel IV. 35 Perhitungan quality losses mesin cutter, 2021 .....                                       | 77 |
| Tabel IV. 36 Perhitungan quality losses mesin cutter, 2021 (lanjutan) .....                            | 78 |
| Tabel IV. 37 Perhitungan quality losses mesin chopper I, 2021 .....                                    | 78 |
| Tabel IV. 38 Perhitungan quality losses mesin chopper I, 2021 (lanjutan) .....                         | 79 |
| Tabel IV. 39 Perhitungan quality losses mesin chopper II, 2021 .....                                   | 79 |
| Tabel IV. 40 Perhitungan quality losses mesin chopper II, 2021 .....                                   | 80 |
| Tabel IV. 41 Hasil perhitungan OECL mesin cutter, chopper I. dan chopper II, 2021 .....                | 80 |
| Tabel IV. 42 Komponen dan fungsi sistem terintegrasi dalam pemeliharaan mesin penggiling .....         | 81 |
| Tabel V. 1 Perbandingan nilai OEE mesin <i>cutter</i> , <i>chopper I</i> , dan <i>chopper II</i> ..... | 86 |
| Tabel V. 2 Persentase Faktor six big losses mesin penggiling ikan.....                                 | 93 |
