

## DAFTAR GAMBAR

|                                                                                                     |    |
|-----------------------------------------------------------------------------------------------------|----|
| Gambar 2. 1 Drug Delivery System Terhadap Lapisan Kulit.....                                        | 6  |
| Gambar 2. 2 Jenis-Jenis Microneedle .....                                                           | 7  |
| Gambar 3. 1 Diagram Alur Pelaksanaan Tugas Akhir .....                                              | 12 |
| Gambar 3. 2 Model Kerucut .....                                                                     | 14 |
| Gambar 3. 3 Gambar Desain Kerucut Tabung .....                                                      | 15 |
| Gambar 3. 4 Gambar desain tabung kerucut tabung .....                                               | 16 |
| Gambar 3. 5 Diagram Alir Tahapan Pelaksanaan Simulasi .....                                         | 17 |
| Gambar 3. 6 Modul Geometri.....                                                                     | 18 |
| Gambar 3. 7 Modul Material .....                                                                    | 19 |
| Gambar 3. 8 Modul Solid Mechanics.....                                                              | 20 |
| Gambar 3. 9 Proses Meshing.....                                                                     | 21 |
| Gambar 3. 10 Analisis Stationary Study .....                                                        | 22 |
| Gambar 3. 11 Analisis Buckling Study.....                                                           | 22 |
| Gambar 3. 12 Daerah Batasan Buckling Study .....                                                    | 23 |
| Gambar 4. 1 Nilai Von-Mises Stress Pada Geometri 1 .....                                            | 25 |
| Gambar 4. 2 Nilai Displacement Pada Geometri 1 .....                                                | 25 |
| Gambar 4. 3 Grafik <i>Von Mises Stress &amp; Displacement</i> Geometri I Tip 20 $\mu\text{m}$ ..... | 26 |
| Gambar 4. 4 Grafik Von Mises Stress & Displacement Geometri I Tip 25 $\mu\text{m}$ .....            | 27 |
| Gambar 4. 5 Grafik Von Mises Stress & Displacement Geometri I Tip Dalam 30 $\mu\text{m}$ .....      | 27 |
| Gambar 4. 6 Nilai Von-mises stress pada geometri 1I.....                                            | 28 |
| Gambar 4. 7 Nilai displacement pada geometri 1I.....                                                | 29 |
| Gambar 4. 8 Grafik Von Mises Stress & Displacement Geometri II Tip 20 $\mu\text{m}$ .....           | 30 |
| Gambar 4. 9 Grafik Von Mises Stress & Displacement Geometri II Tip 25 $\mu\text{m}$ .....           | 30 |
| Gambar 4. 10 Grafik Von Mises Stress & Displacement Geometri II Tip 30 $\mu\text{m}$ .....          | 31 |
| Gambar 4. 11 Nilai von-mises stress pada geometri III .....                                         | 32 |
| Gambar 4. 12 Nilai displacement pada geometri 1II .....                                             | 32 |
| Gambar 4. 13 Grafik Von Mises Stress & Displacement Geometri III Tip 20 $\mu\text{m}$ .....         | 33 |
| Gambar 4. 14 Grafik Von Mises Stress & Displacement Geometri III Tip 25 $\mu\text{m}$ .....         | 34 |
| Gambar 4. 15 belum ada penjelasan .....                                                             | 34 |
| Gambar 4. 16 Axial Load Geometri I ujung Tip 20 $\mu\text{m}$ .....                                 | 36 |
| Gambar 4. 17 Axial Load Geometri II ujung Tip 20 $\mu\text{m}$ .....                                | 36 |
| Gambar 4. 18 Axial Load Geometri III ujung Tip 20 $\mu\text{m}$ .....                               | 37 |
| Gambar 4. 19 Buckling Load Geometri I Ujung Tip 20 $\mu\text{m}$ .....                              | 38 |
| Gambar 4. 20 Buckling Load Geometri II Ujung Tip 20 $\mu\text{m}$ .....                             | 38 |
| Gambar 4. 21 Buckling Load Geometri II Ujung Tip 20 $\mu\text{m}$ .....                             | 39 |
| Gambar 4. 22 hasil bending geometri I dengan ujung tip 20 $\mu\text{m}$ .....                       | 40 |
| Gambar 4. 23 hasil bending geometri II dengan ujung tip 20 $\mu\text{m}$ .....                      | 40 |
| Gambar 4. 24 hasil bending geometri III dengan ujung tip 20 $\mu\text{m}$ .....                     | 41 |
